

POLO DRILL RIG WASH

- 🍊 Readily biodegradable
- 🍊 pH neutral
- 🍊 Crystal clear Formulation
- 🍊 Phosphate Free

Polo Drill Rig Wash was formulated as a powerful multi-purpose cleaner concentrate, based on advanced surfactant technology to effectively remove dirt, mud, grime, oily or greasy films, and sooty soils. *Polo Drill Rig Wash* can be used on all surfaces, to leave a spotless, streak-free finish.

Directions for use:

Manual Washing

20-30 mL (2-3 capfuls) *Polo Drill Rig Wash* to a bucket of clean water (9-10 L). Apply with a sponge, leave for a few minutes then rinse off with clean water.

Washing – high pressure equipment

Dilute one part *Polo Drill Rig Wash* to 200-300 parts clean water. Allow to soak on surface and then pressure rinse with clean water.
